The 622 Education Foundation began in 1996 with the mission of creating, enriching, and expanding programs that enhance the quality of education of students in School District 622.

The Foundation works to achieve the following goals:

- Encouraging all learners to achieve their maximum potential
- Building public awareness and confidence in North St. Paul-Maplewood-Oakdale Public Schools
- Involving the community in assuring quality education for the leaders and workers of tomorrow

The Foundation is made up of board members from our community, including alumni, teachers, social workers, school staff, business owners, and public officials. The Board volunteers their time to raise funds to support School District 622 through outreach and events.
